

Summary for children and young people

Name: Stone Bay School

URN: SC023693

Date of inspection: 11 February 2025

Thank you very much for welcoming me to Stone Bay residential. I really enjoyed my time visiting you and it was a pleasure seeing you all.

I judged the service to be good. I was very impressed to see how well you are all doing, and I could see that the staff really care for you and look after you very well.

All of the staff I spoke to told me how much they love looking after you and working in Stone Bay residential. A lot of the staff have been there a long time and this shows me how much they like it there. It also showed me that the staff know you well and help you to learn.

I spoke to a lot of parents and they told me a lot of good things about how well you are doing. In particular how you are learning to do more things for yourselves such as make food and shopping.

I thought the home looked nice and it was good to see staff working to make your rooms even nicer.

I noticed how calm it was and how well you all get on and are kind to each other. Some of you told me that this is a nice place to stay.

The spring is on its way and the nights are getting lighter. It will soon be summer – I'm sure you will have some great days and trips out to look forward to.

Thank you again

Lee Kirwin
