## Vision and Values

Our school vision is to provide an *outstanding, nurturing, learning environment*, where all our pupils can achieve their full potential and progress to lead happy and fulfilling lives.

Our mission is to provide each and every pupil with the best possible education, delivered in an environment that is supportive, caring and safe.

*“Getting it right for every pupil”*

At Stone Bay we focus on *Evolving Excellence* in all that we do, working towards making our school the best it can be for pupils, staff and families. We are creating lasting *Trust* with all our stakeholders, *Empowering* each other to learn and grow. By adhering to policies and clear processes we ensure *Fairness* and transparency in our decision making and actions, whilst ensuring we are *Collaborating* with others and always looking for ways to help each other to deliver excellence for our pupils.

## Rights Respecting Schools

The Unicef UK Rights Respecting School Award (RRSA) is based on principles of equality, dignity, respect, non-discrimination and participation. The RRSA seeks to put the UN Convention on the Rights of the Child at the heart of a school's ethos and culture to improve well-being and develop every child's talents and abilities to their full potential. A Rights Respecting School is a community where children's rights are learned, taught, practised, respected, protected and promoted.

Stone Bay has been awarded the Silver Award by UNICEF. This is awarded to UK schools that show good progress towards embedding children's rights in the school's policy, practice and ethos, as outlined in the RRSA Strands and Outcomes

## Staff wellbeing

The Leadership Team and the Governing Board of Stone Bay School are committed to promoting positive mental, physical and emotional wellbeing and to providing suitable support for all staff. Taking action to prevent ill health and promote good health makes good educational and business sense, as sickness absence carries high costs both in monetary terms and in terms of the impact upon performance, teaching and learning, morale and productivity, which may disrupt or compromise pupil progress.

All members of staff are entitled to be treated fairly and professionally at all times. The Governing Board of Stone Bay School takes very seriously its duty of care as an employer to all members of staff and a number of policies and procedures have been made in relation to this duty.

## 1. Aims

This policy aims to ensure that:

- Suitable education is arranged for pupils on roll who cannot attend school due to health needs
- Pupils, staff and parents understand what the school is responsible for when this education is being provided by the local authority
- Stone Bay School aims to ensure that all children who are unable to attend school due to medical needs, and who would not receive suitable education without such provision, continue to have access to as much education as their medical condition allows, to enable them to reach their full potential. Due to the nature of their health needs, some children may be admitted to hospital or placed in alternative forms of education provision. We recognise that, whenever possible, pupils should receive their education within their school and the aim of the provision will be to reintegrate pupils back into school as soon as they are well enough. We understand that we have a continuing role in a pupil's education whilst they are not in school and will work with the LA, healthcare partners and families to ensure that all children with medical needs receive the right level of support to enable them to maintain links with their education.

## 2. Legislation and guidance

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- [Education Act 1996](#).
- Equality Act 2010
- Data Protection Act 2018
- DfE (2013) 'Ensuring a good education for children who cannot attend school because of health needs'
- DfE (2015) 'Supporting pupils at school with medical conditions'

It also based on guidance provided by our local authority

## 3. The responsibilities of the school

### **3.1 If the school makes arrangements**

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school.

The Deputy Head Teacher and Assistant Heads will be responsible for making and monitoring these arrangements. A meeting will be made with parents / carers to discuss arrangements for working from home or hospital. A plan will be drawn up detailing agreed actions from the discussion, the plan will be signed by school and parents / carers. The plan will then be carried out to deliver education to the child.

Arrangements could include sending work home, attending a hospital school or a Teaching Assistant may attend the home to deliver lessons, work will be prepared by class teachers. The pupil will be slowly integrated back into school with either alternative arrangements to make it possible such as alternative provision for break or lunch times or the pupil may come back into school on a reduced timetable until their health needs have been met.

### **3.2 If the Local Authority makes arrangements**

If the school can't make suitable arrangements, Kent County Council (local authority) will become responsible for arranging suitable education for these children. The LA should:

- Provide such education as soon as it is clear that a pupil will be away from school for 15 days or more, whether consecutive or cumulative. They should liaise with the appropriate medical professionals to ensure minimal delay in arranging appropriate provision for the pupil. Ensure the education pupils receive is of good quality, allows them to take appropriate qualifications, prevents them from falling behind their peers in school, and allows them to reintegrate successfully back into school as soon as possible.
- Address the needs of individual pupils in arranging provision.
- Have a named officer responsible for the education of children with additional health needs and ensure parents know who this is.
- Have a written, publicly accessible policy statement on their arrangements to comply with their legal duty towards children with additional health needs.
- Review the provision offered regularly to ensure that it continues to be appropriate for the child and that it is providing suitable education.
- Give clear policies on the provision of education for children and young people under and over compulsory school age.

The LA should not:

- Have processes or policies in place which prevent a child from getting the right type of provision and a good education.
- Withhold or reduce the provision, or type of provision, for a child because of how much it will cost.
- Have policies based upon the percentage of time a child is able to attend school rather than whether the child is receiving a suitable education during that attendance.
- Have lists of health conditions which dictate whether or not they will arrange education for children or inflexible policies which result in children going without suitable full-time education (or as much education as their health condition allows them to participate in).

In cases where the local authority makes arrangements, the school will:

- Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil;
- Share information with the local authority and relevant health services as required;
- Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully.

When reintegration is anticipated, work with the local authority to:

- Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible;
- Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school);
- Create individually tailored reintegration plans for each child returning to school;
- Consider whether any reasonable adjustments need to be made.

### **3.3 The Governing Board and Head Teacher are responsible for:**

- Ensuring arrangements for pupils who cannot attend school as a result of their medical needs are in place and are effectively implemented.
- Ensuring the termly review of the arrangements made for pupils who cannot attend school due to their medical needs.
- Ensuring the roles and responsibilities of those involved in the arrangements to support the needs of pupils are clear and understood by all.
- Ensuring robust systems are in place for dealing with health emergencies and critical incidents, for both on- and off-site activities.

- Ensuring staff with responsibility for supporting pupils with health needs are appropriately trained.
- Appointing a named member of staff who is responsible for pupils with healthcare needs and liaises with parents, pupils, the LA, key workers and others involved in the pupil's care.
- Providing teachers who support pupils with health needs with suitable information relating to a pupil's health condition and the possible effect the condition and/or medication taken has on the pupil.
- Notifying the LA when a pupil is likely to be away from the school for a significant period of time due to their health needs.

### **3.4 The Deputy Head Teacher is responsible for:**

- Dealing with pupils who are unable to attend school because of medical needs.
- Actively monitoring pupil progress and reintegration into school.
- Supplying pupils' education providers with information about the child's capabilities, progress and outcomes.
- Liaising with the headteacher, education providers and parents to determine pupils' programmes of study whilst they are absent from school.

### **3.5 Teachers and Support Staff are responsible for:**

- Understanding confidentiality in respect of pupils' health needs.
- Designing lessons and activities in a way that allows those with health needs to participate fully and ensuring pupils are not excluded from activities that they wish to take part in without a clear evidence-based reason.
- Understanding their role in supporting pupils with health needs and ensuring they attend the required training.
- Ensuring they are aware of the needs of their pupils through the appropriate and lawful sharing of the individual pupil's health needs.
- Ensuring they are aware of the signs, symptoms and triggers of common life-threatening medical conditions and know what to do in an emergency. Keeping parents informed of how their child's health needs are affecting them whilst in the school

## **4. Definitions**

Children who are unable to attend school as a result of their medical needs may include those with:

- Physical health issues.

- Physical injuries.
- Mental health problems, including anxiety issues.
- Emotional difficulties or school refusal.
- Progressive conditions.
- Terminal illnesses.

### **Chronic illnesses**

- Children who are unable to attend school for health reasons may attend any of the following:
- Hospital school: a special school within a hospital setting where education is provided to give continuity whilst the child is receiving treatment
- Home tuition: many LAs have home tuition services that act as a communication channel between schools and pupils on occasions
- Where pupils are too ill to attend school and are receiving specialist medical treatment.
- Medical PRUs: these are LA establishments that provide education for children unable to attend their registered school due to their medical needs.

## **5. Monitoring arrangements**

This policy will be reviewed annually by the Headteacher. At every review, it will be approved by the full governing board.

## **6. Links to other policies**

- This policy links to the following policies:
- Remote learning policy
- Safeguarding & Child protection policy
- Attendance policy
- SEND policy
- Equality & inclusion Policy
